Honors Monrovia Day Association

Maryknoll Hospital Sisters and staff honored officials and members of the Monrovia Day Association at a buffet supper at Nazareth House on the hospital grounds in Monrovia.

The supper was given in recognition of the outstanding job done by members and committee chairmen in organizing the events celebrating the founding of the City of Monrovia.

Robert Thomas, vice president of Maryknoll's Advisory Board, termed this year's May 22 celebration "the best ever and a great boost for the community of Monrovia," in his welcoming

speech to members of the association.

Honored guests included Stan Reid, president of the Monrovia Day Association, and members Herb Cook, Jim Cravens, Walt Dye, E. F. Daly Darryl Enterline, Betty Gornley, Bill Knowlton, Bertha Logan, Harry Maroulian, John Moody, Bill Morris, Barbara Walp and Clarence Desmond. Sharing the honors were Miss Sharon Grant, Monrovia Day queen, and her princesses, Misses Anita Mitchell and Linda Martensen.

Guests were welcomed by Sister Mary Judith, Regional Superior; Sister Alma Corde, administrator, and Advisory Board members Thomas and Jack Roth.

Dr. Barnhart Announces Her Sunday Sermon

Mae Carden, nationally known educator, will speak at the Santa Anita Church Day School, 226 W. Colorado Blvd., Arcadia, Monday, July 12, at 8 p.m. Miss Carden's method of teaching children is known from coast to coast. Her method of reading and comprehension really do produce readers and thinkers. The arithmetic not only establishes the child in an understanding of basic arithmetic concepts, but includes New Math. Miss Carden's teaching belongs in this new age that will require thinkers and men and women of great understanding. This is an opportunity to hear Mae Carden herself.

Connie Lee Olt Becomes Bride of Charles W. Long In Church Wedding

MRS. CHARLES W. LONG
... nee Connie Lee Olt

An evening wedding on June 26 united Connie Lee Olt and Charles Wesley Long in marriage. Baskets of flowers and candles decorated the First Congregational Church when the Rev. George W. Lindsay performed the nuptial rites at 8:30 p.m.

The bride is the daughter of Mr. and Mrs. John D. Olt of 201 W. Highland, Sierra Madre, and the bridegroom is the son of Mrs. Gladys Long of Pasadena.

For her wedding the bride was radiant in a floor length white gown. Designed with a lace over satin top, long sleeves and a high mandarin collar, the gown had a bouffant tulle over satin skirt with a center panel of lace. Her silk illusion veil was held in place by a tiara of pearls and rhinestones, and her bridal bouquet was a white orchid surrounded by red and white roses.

Wearing a long gown of pink satin with a white lace overblouse, Miss Judy Phelps was maid of honor. Serving as best man for his brother was Floyd Long.

Following the wedding a reception was held in the church's primary room, which was beautifully decorated with wedding bells, ivy and honeysuckle.

Mrs. Olt wore a yellow linen dress with matching accessories and a white lace coat for her daughter's wedding, and a corsage of white flowers. Mrs. Long wore a beige silk print dress with matching accessories, a fur stole and a white corsage.

The new Mr. and Mrs. Long are both graduates of Pasadena High School, and are now making their home in Pasadena. Mr. Long is employed at Wilson Aviation in South Pasadena.

Pasadena Alumnae of Delta Zeta Plans Annual Summer Benefit

"A Parade of Dolls" presented by Pasadena Foothill Alumnae of Delta Zeta around the pool of Mrs. King Karpen's home, 935 Winston Ave., San Marino, at 1 p.m. on July 10, will benefit the group's Gallaudet scholarship fund.

While alumnae and guests enjoy dessert at tables centered with baskets filled with fresh flowers and admire decorative dolls trimmed in various shades of pink tulle and ribbon, Delta Zeta collegiates will model campus clothes. Mrs. W. Bruce Roberts will serve as commentator.

The guest of honor will be this year's Pasadena Foothill scholarship winner, Miss Francine Lauer, who attends Gallaudet College in Washington, D.C. A national philanthropy of Delta Zeta for many years, Gallaudet is the only college in the world devoted to the needs, instruction and training of young people who are deaf.

Special features of the event include the awarding of an oil painting by the artist-mother of alumnae Mrs. Donald H. Van Steenwyk and an opportunity for Delta Zeta daughters and collegiates to enjoy a swim. Mrs. Raymond C. Pyley,

president, has invited the following new sustaining members to be her guests: Misses Alice Robin Scott and Ida E. Cornwell, and Mrs. Henry R. Shaw, Mrs. Don M. Yost and Mrs. Margaret G. Squires.

National and province officers of Delta Zeta who have received invitations include Mrs. Garold A. Leach, Los Angeles; Mrs. Roy Breitweiser, San Marino; Mrs. Charles L. Youde, Downey; Mrs. Walter A. Voss, Whittier, and Mrs. Betty DeWitt, Torrance.

Co-chairmen Mrs. Martin Thompson and Mrs. Fred Barner, Jr., will be assisted by Miss Barbara Baillie and Mrs. Charles W. Weis, Mrs. Harold J. Simpson, Mrs. Herbert Carstens, Mrs. Lon Boen, Mrs. Clyde M. Liephart, Mrs. Richard Pepper and Mrs. John C. Clay, Jr. Presiding at the tea table will be Mrs. Leon McCall and Mrs. Jay P. Phillips, Jr.

Among the collegiates who plan to participate in the fashion show are the Misses Patricia Alexander, Barbara Brant, Patricia Cunningham, Georgia DeHart, Judith Francis, Alix Karpen, Leslie Krieger, Cathy Ledbetter, Dee Lieberman, Karen Melneke, Nancy Nesmith, Pat Norman, Nancy Jo Stevenson and Patricia Wade.

All Delta Zetas are welcome and may contact Mrs. Simpson, 446-2402, for reservations.

Senior Citizens Enjoy Dinner

Mrs. Betsy Stevens, 155 S. Baldwin Ave., invited the Senior Citizens for a one o'clock pot luck dinner on Monday, to celebrate Independence Day. Dinner was followed by card games in her pleasant patio.

At Saturday's meeting, Adelbert Snow was welcomed back after a two months absence in which he toured the California Red Woods and other points of interest with friends.

Also present was Mae Brier following two months of hospitalization and recovery.

Charles Goodfellow recently returning from a trip east, gave an interesting account of his trip.

July, August and September birthdays of members will be celebrated the last part of September with a big get-together pot luck dinner.

Las Companeras Met July 7

Members and guests of Las Companeras gathered at the home of Mrs. William Shaw, 1415 Hasting Ranch Road, on Wednesday, July 7, for an outdoor buffet luncheon of beautiful and tasty salads made by the members.

The program for the afternoon was a fashion show with "model" members Marjorie Sawyer, Carol Hodges, Marty Newton, Pat Giangregorio, Gerry Dunn and Shelley Brune wearing beautiful creations.

Letters To The Editor

Dear Editor:

As my term as president of Foothill Areas Association is ending, I want to express appreciation to you for the good publicity you have given us, and for your sage advice during the course of the year.

I would also like to publicly express appreciation to the City Council and to the City Planning Commission for the cooperation they have extended to us in achieving our aims. We are sure that this has been mutually beneficial. We obviously are interested in achieving the best for our own area; but what benefits us benefits the city as a whole.

Last but not least, I want to express appreciation to the officers, directors and members who have worked so hard in sharing the load. Whatever success we have had—and I think all agree that the year has been profitable all around—has been due in very great measure to the hard work of:

Marke Bourgeois, Del Comer, Joy Comer, Pete Dorchak, Joe Godley, Katie Iches, Bob Ihrig, Mae Johnson, Dick Mylius, Peter Tarup, Lynn Thorne, Mr. Cass and M. H. Perkins.

They have all been tremendously helpful in the team effort.

The recently concluded and highly successful clean-up campaign, in which we hauled out some ten truckloads of big items which could not be collected by the regular city pick-up, is an example of this teamwork.

The new officers are: Mr. Delbert E. Comer, president; Mr. Richard Mylius, vice president; Miss Mary Brown, secretary, and Mr. Joseph

Godley, treasurer.

I know they will extend to and receive from you and the city fathers the same cooperation and spirit of helpfulness which existed during my term.

Very truly yours,

—T. R. STETSON,
President, Foothill
Areas Association.

thank you; we very much appreciate your cooperation.

—FRANCES KING,
Chairman, Sierra

Miss Hollis Ann Barnard United In Marriage With Alvin Robert Zeman

MRS. ALVIN ROBERT ZEMAN
... nee Hollis Ann Barnard

Miss Hollis Ann Barnard became the bride of Alvin Robert Zeman in a June 26 double ring ceremony at St. Francis Episcopal Church in Palos Verdes with the Rev. Ray B. Davis assisting the Rev. Robert Tourigny.

The bride is the daughter of Mrs. Jean E. Barnard of Palos Verdes and Hollis L. Barnard of Los Angeles. Her husband is the son of Mr. and Mrs. John A. Zeman of Pasadena. Attending the bride were the Misses Meredith LaFranchi, maid of honor, Barbara Brown, Barbara Hefferlin, Barbara Sirvis and Mrs. Joan Frazier, sister of the groom. Jeanette Barnard was the flower girl.

Groomsmen were Gary Miller, best man, James Glavas, Ronald Kennedy, Richard Eckfield and John Barnard, brother of the bride. The bride wore a traditional gown of white organza over blush pink taffeta featuring Sabrina neckline, fitted bodice, bouffant skirt and train adorned with re-embroidered Alencon lace and encrusted with seed pearls, bugle beads and sequins. A jeweled crown held her bouffant veil and she carried a cascade of gardenias, pink elf roses, stephanotis and ivy foliage.

Her attendants wore full length gowns of pastel pink chiffon with contrasting accessories and carried one long stem happiness rose. The mothers of the bride and bridegroom wore full length gowns in shades of pink.

After a reception held at a local inn, the couple left for a honeymoon to Lake Tahoe and Reno. They will make their home in Long Beach while the bride completes her studies at Long Beach State College. Mr. Zeman received his masters in civil engineering at San Jose State College this June.

Mr. and Mrs. John Shea Announce Engagement of Daughter Kathleen

The betrothal of Kathleen Margaret Shea to Richard Anthony Short of Monterey Park has been announced by her parents, Mr. and Mrs. John Shea of Sierra Madre. The announcement was made at an informal graduation party for Miss Shea held at her parents' home, Saturday, June 12.

Miss Shea is a graduate of the Pasadena City College Department of Nursing, Class of 1960 and of California State College at Los Angeles, Class of 1965, where she obtained her bachelor of arts degree in elementary education. While there she

was active in Tau Sigma Nu sorority, serving as president in fall, 1964.

Mr. Short, son of Mr. and Mrs. Lloyd E. Short of Monterey Park, is now serving with the United States Army, stationed with the 8th Radio Research Unit in Viet Nam. A brother of Tau Kappa Chi fraternity, he attended California State College at Los Angeles, where he majored in mathematics.

A September wedding in St. Rita's Catholic Church is planned.

The church and its cause depends upon you for help.

'MEMOS' FROM YOUR Stylist

By LOLITA

Utilizing make-up to slim down a full face can be done effectively. Start off by applying white make-up under the cheekbone, with the apex pointing down toward the jaw. Regular make-up is then applied.

If an oval look is desired, a second darker shade of base may be used, blended from the ears to the chin. Beginning one inch wide, taper down to a hairline at the chin and finish up with regular make-up.

When it comes to attention to the hair, your solution is simple: Drop in and see skilled patient operators who know every beauty trick in the book who will serve you at PETITE BEAUTY SALON, 185 W. Sierra Madre Blvd., phone EL 5-8041... styling and coloring by Lolita, Betty, Frances, Sue and Connie... tipping and frosting by Beverly... manicuring by Gladys... Air conditioned shop for your comfort... parking in the rear... open 6 days, evenings by appointment.

THIS WEEK'S HELPFUL HINT: If your liquid make-up is too heavy, it can be lightened by adding a few drops of witch hazel.

Crib Crop

Mr. and Mrs. Lloyd M. Short of 40 S. Lima, Sierra Madre, very proudly announced the birth of their first son on June 19. Weighing 9½ pounds, little Mark Alan was 22 inches long when he arrived at Huntington Memorial Hospital.

Happy to have a new brother is 16-month-old Tint. paternal grandparents are Mr. and Mrs. Paul Warden of Sierra Madre, and the paternal grandmother is Mrs. Katherine Faktor of Pasadena.

Twins Club To Have Picnic On July 17

The Santa Anita Mothers of Twins Club will have a family picnic, July 17, at Hamilton Park, Pasadena, starting at 11 a.m. Mrs. Linda Chafee, chairman, anticipates nearly 100 children will be present to enjoy this annual event.

There will be candy and prizes for all the children. Each family will bring a picnic lunch and the club will provide punch and ice cream for all.

Mrs. Clifford C. Lasken, president of the club, would like to invite all parents of twins and triplets in the area to join in the double fun.

For information concerning the activities of the club, contact Mrs. Clifford C. Lasken, at 446-4239, or Mrs. Warren Forrest, at 446-2548.

Letters To The Editor . . .

Dear Editor:
The reasonable man asks, "What must they do before we rebel and cast them out? but we do not live in a time of reasonableness. A reflective man might say to his fellows, 'Let us consider the awful enslavement of collectivism and togetherness rapidly choking the American spirit, and join forces with those who courageously contest the Communist conspiracy.'—but our friends are too busy feathering their nests to think beyond the next mortgage payment."

The patriot is angered and unbelieving of the professional, churchified, liberal mush peddlers who scorn the Pledge of Allegiance to our flag, take away school prayers, adjudicate forever in the criminal's favor, preach subordination of our national interest to international anarchy, back-bite our foreign policy, and grind out one-day welfare and brotherly love laws—yet a patriot is labeled an emotionally primitive extremist.

But, brother, the reasonable, reflective patriot had his day last Sunday. Our town's Fourth of July parade was a gennyuwine old time, small town, tootin'-tootin' grand and glorious, star-spangled, flag waving, lump-in-the-throat testimonial to the American Dream.

Sure, those liberals who could stomach the sight of Old Glory proudly held high

by the participants, young and old, no doubt sneered at the display as cornball, archaic, and petty nationalism. Maybe it was. But it was good enough for my dad, and his dad before him, and if we work hard enough to preserve it, it will be good enough for my son.

—STIFBAK.

It has been proven by the National Safety Council by independently administered driver's examinations that the average driver is not as good a driver as he gives himself credit for.

employees to later move to higher salaries.

As the budget is presented to the people in hearings, it is hoped that more detailed information can be given, to clarify the validity of the request.

Preliminary Tax
est percentage of increase in personnel shows that they have resulted from substantial increases in areas to be maintained and services directly to the public (library and parks), or in those services most directly influenced by urbanization of an area (police, fire, engineering and planning.)

Increase in payrolls is of course the greatest influence upon the budget, and one that the City Council must weigh with extreme caution, being sure that their city offers comparable salaries to maintain its employees so that the City of Sierra Madre does not become a training ground for

Dr. Barnhart
present her famous method of learning. The public is invited.

The Santa Anita Church Day School is a certified Carder School for children from kindergarten through the seventh grade, to which a new grade will be added yearly. Call HI. 6-8206 for further information concerning summer school and the fall session that begins in September. The enrollment is limited.

"The Power of Unity" will be the subject of Dr. Ethel Barnhart's lesson-sermon at both the 9 and 11 a.m. worship services at the Santa Anita Church Sunday, July 11. Living from the conscious awareness of oneness with God results in experiencing a whole new world of God-power.

Youth of all ages, kindergarten through 25 years of age, receive spiritual instruction at the 9 a.m. service. Trained and dedicated teachers are fitting young people to live in the new age as God-centered individuals.

A new class in Spiritual Attunement conducted by Dr. Barnhart will be given Wednesday, July 14, and continue for five Wednesday evenings. The hours are 7:30 to 9:30 p.m. Problems begin to disappear as the individual is spiritually attuned. This class is open to the public.

Our telephone ministry offers spiritual help day or night. Call 447-6162.

One Nation Indivisible

"... That this Nation, under God . . ."
Words that bind a Nation's wounds
— healing hearts
that have affliction known.
We pause, this day, to remember
and to forget:
Yet, not to forget the battles lost

or victories won, or soldiers' silent sleep,
Who, by their death, gave life;
life that throbs and pulsates in this Nation's womb.
We pause to remember
our gifts from God
from whom our blessings

in abundance flow.
We find our God, at home
in church, in hearts that this day sing out in joy.
We thank Thee, Dearest Lord.
Now, bless us, and this Thy land
and all therein . . . our own,
our native land!

Just because you have survived the first six months without going off the deep end, and just because you've managed to dig up enough scratch to pay the taxes, your insurance, and those little tag-end bills from last December, don't think you can relax. . . You just can't afford to sit around and feel smug and self-satisfied with your accomplishments. No siree, not with Christmas less than six months away. It is not one bit too early to start thinking what you are going to buy for Christmas. . . Especially my present. That will take a LOT of thought. . . Merry — Merry!

(With friends like me, who needs enemies???)

There have been a lot of fathers up here these past few weeks with absentee wives and families.

I talked to Don Kendall of Fairpoint over the weekend and he was getting pretty lonely for his family. Irene was in Washington, D.C., with two of their daughters visiting her sister, Patty was in Hawaii with Carol Rogers, and Don and their youngest, Kathy, were baby-sitting the live-stock.

John Fricke decided that the long weekend was a good time to get at the kitchen and do the re-paint job they had been talking about. Jean and Dana were back East while Dana competed in a track meet. Beryt is living in New York City and Mike was visiting friends.

The Charles Schrams decided they wanted a little real heat for the Fourth so they took their two children, Kathy and Bob for an outing down Palm Springs way. . . At least they didn't need a coat.

Mr. and Mrs. John Biggar, Jr. of Mesita Road are finally home again after a series of vacations.

Their first trip was to Tahiti for two weeks and then back to Hawaii for another week. They loved the unspoiled primitive beauty of Tahiti.

They were in Hawaii on June 11 which is Kamehameha Day. On this day, the natives go wild with celebration. The boats are beautifully decorated and there is a huge parade with the famous Pau Riders. It is a real treat to be there for this particular celebration. The Biggars were fortunate to have absolutely perfect weather during their entire stay.

They no sooner returned to the mainland when they left again for an outing at their beach house. . . They can now be considered "at home".

The Fourth meant a trek to the mountains for the George Prescotts. They recently acquired a piece land at Arrowhead and

plans are being drawn for their ultimate mountain cabin. They took their three children, Alison, Robin and Joel.

The John Galbraiths pointed their car in the direction of the beach over the weekend. They went down to Garden Grove to spend a brief outing with the Ralph Beckettes and then on to Huntington Harbor to visit the Stan Youngs.

The William Pursleys and the George Wengers recently co-hosted a supper party and baby shower at the Wengers home on Sierra Madre Villa.

They stretched a huge banner across the entrance proclaiming "Gad, Not Another Smith!" which served to announce the purpose of the party to the very surprised guests of honor, Loraine and Don Smith of Daverick Drive. They are expecting this, their third child momentarily, matter of fact it may be here by this press release.

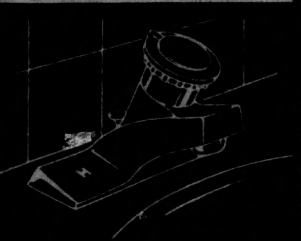

The guests invited were Mr. and Mrs. William Burkholder, Mr. and Mrs. Stuart Zuck, Mr. and Mrs. Steve Salislan, Mr. and Mrs. J. J. Wilkinson, Mr. and Mrs. Ed Engeran, and Mr. and Mrs. George Morales.

The Cardinals, one of our outstanding farm league teams were treated to a pre-holiday party to mark the end of their season of ball playing, at the home of their manager, Mr. Bob Snet-singer. (I told him he had to be manager, he was the only father with two sons on the team.)

They had a wonderful time stuffing themselves with hot dogs and pop, swimming, stuffing, swimming. . . The boys were Kevin Dunn, Paul Leahy, Bruce Anderson, Renolds Cairncross, David Cox, Tom Lawson, Glen McGiven, Mike O'Connor, Bill Pickering, Bill Schuck, Kevin Snyder, Ned Steffens, Brian Watts, Andy Walton, David Snet-singer, and Jim Snet-singer.

A Very Active Group
This program is the "brain child" of Patrolman Carnighan, who has put in thousands of hours of his off-time to see that it came to the conclusion that he believed in. Of course, many man-hours of time were also given by members of the Pasadena Police Department, the L.A. Police Department, the City Attorney's Office, members of the Sierra Madre Fire Department, and the L.A. Fire Department, and many, many more too numerous to mention, but the real time, the hard work, and the productiveness has come from the original 15 men, now nine, who make up the Sierra Madre Police Reserve. A team that each of us should be very proud of, and should give our thanks to the men who make it possible.

Letters to the Editor

Dear Editor:

A few moments ago, while having my lunch, and making a notation not to forget to send in a completed "Impeach Earl Warren" petition, I was, at the same time, browsing through the April 27, 1965 Congressional Record, and noted on page 8263, that New York Senator Jacob Javits was again coming to the aid of the party, and as usual, the Left Wing Party.

Senator Javits literally froths as he hastens to have printed, in the Congressional Record, all the apologies made by some who wish to divert public attention from the disgraceful, illegal, Communist inspired, and directed, "Voting Rights" movement, in the south.

However, in this letter I wish to take issue, not with Senator Javits, whom everyone already knows, as well as his politics, but with the Reverend Morris B. Samuel, Director, Parish of Los Angeles.

Since I am not entirely ignorant of the race agitation issue in this country, I would like to have the Reverend Samuel continue his sanctimonious dedication by truthfully explaining to our nation how it is possible for him, and others of his persuasion, not to know that the movement in question is inspired, and directed by the Communist Conspiracy, although it has been brought

to the attention of the public a number of times, quite recently by Sen. James O. Eastland of Mississippi, in a speech on the floor of the Senate, when he ably and authentically exposed the Conspiracy. (Congressional Record Feb. 3, 1965, page 1908). That a man in high office as Reverend Samuel should not know of this, is inconceivable.

Of course I would not doubt the honesty or responsibility of the good Reverend's interpretation of the Selma - Montgomery March, as printed in the Congressional Record, but I would certainly expect him to take sharp issue with Senator Eastland, because, to take part in a subversive demonstration such as Senator Eastland describes would be most unbecoming a minister of the Gospel. Failing this however, I must conclude, as will others, that Reverend Samuel was indeed supporting a subversive movement, and that accordingly the members of his Parish should demand an explanation to clear up the discrepancy, and have the guilty party made responsible. Is there a possibility that Senator Eastland might be in trouble? It would be interesting, for us all, to learn of Reverend Samuel's evaluation of the Senator's charges.

Up In Deposits - Loans - Resources

B of A Shows Big Growth For First Half of Year 1965

Bank of America rang up substantial growth in loans, deposits and resources, according to mid-year figures just released. Earnings, while below the comparable 1964

figure, showed improvement over the rate earned in the first quarter of this year. Loans now total \$9,619,244,794, an increase of \$766,407,544 since a year ago.

"This loan volume is evidence of a broadly based loan demand covering the wide range of our lending accommodations, and includes commercial, industrial, real estate, and consumer credit financing. It also reflects the continuing basic strength of the economy," said President Rudolph A. Peterson.

Deposits reached \$14,351,236,315 an increase of \$976,411,639 over a year ago. Total resources rose to \$15,870,975,941 an increase of \$1,061,070,144 over this time last year.

President Peterson noted that net operating earnings, while off compared with a year ago because of increased interest rates paid on savings deposits, showed an improving trend during the second quarter of this year. Earnings amounted to \$45,254,804 or \$1.59 per share on the 28,480,000 shares outstanding, as compared to

\$1.63 per share for the first half of 1964.

Investments in securities totaled \$3,268,766,593 compared with \$3,104,278,394 last June. Transactions in securities yielded a net profit of \$1,030,474.

Provision for reserves amounted to \$7,040,000 after resulting tax credit, leaving \$39,245,278 available for dividends and addition to capital funds.

Dividends totaling \$28,480,000 were paid to more than 200,000 shareholders at the annual rate of \$2 per share.

Total capital funds, together with reserve for possible loan losses of \$167,150,400 now amount to \$1,037,704,566 representing a gain of \$39,342,069 over a year ago.

A few "high jinks" were in order last week since this was the first meeting of the year at which the new president, Ben McGee presided. As planned he found it impossible to call the meeting to order but with the help of immediate past president, Clem Bartolai all members respectfully took their places at the table.

Secretary Herm On's request for the members birth and anniversary dates was followed with singing "happy birthday" individually to each member. This of course turned a five minute job into 30 minutes.

On the serious side, a letter from the City of Hope conveyed their thanks to the Sierra Madre Lions Club for continued participation in the Dime and a Prayer project.

A portion of the committee chairmen appointments were accepted with the annual White Canes project going to Royce Bonds, publicity and public relations plus the annual Student Speakers project went to Clem Bartolai, membership committee to Harold Pangborn, programs to Ellery Simpson and inter-club activities to "Red" Waite. An additional seven committee chairmanships remain to be assigned.

Next week's meeting will find members attending the 48th Lions International Convention in Los Angeles. Judging from advance reservations, some 30,000 to 35,000 delegates and their families will come from a globe hopping cross-section of 132 countries and geographical areas.

Rev. Hesse Announces Sunday Topic

In continuing the sermon presentation of the New Testament Epistle of James, the Rev. Armin Hesse will speak on "Becoming Impartial People" in the 10 o'clock Sunday morning service at Faith Lutheran Church, 845 Hastings Ranch Drive. Holy Communion will be celebrated during the service.

Meeting at 8:45 a.m., the Sunday School Departments will be shown the Coronet film, "Friendship Begins at Home," to be followed by group discussions on this subject. The Adult Bible Class, meeting in the church sanctuary during this hour, will continue the recently inaugurated study of the Epistle to the Ephesians, under the direction of Dr. Walter A. Schroeder.

Attend the Church of your choice this Sunday

Bethany Church News

The summer camping program at Bethany Church of

Sierra Madre begins this next week with people from the church attending the Forest Home Music Conference, July 11-17. Margaret Schaper, Church Music Director, is one of the faculty members at the week-long conference held at beautiful conference grounds in the San Bernardino mountains. Those attending include Carolyn Burwell, Betty Blosser, Betty Bush, Noralee Bush, Susan Barrick, Holly Childers, Connie Williams, Mary VanStraten, Margi Schaper and Deborah Phillips.

The annual Vacation Bible School concluded last Friday, July 2, with a total enrollment of nearly 250. The average attendance was 205. A profitable demonstration program and open house was held on Thursday, July 1, with over 400 people present. A staff of nearly 50 conducted the two-week school centered on the theme of "Discovering New Truths."

Dr. Robert N. Schaper, pastor of the church, will continue his current Sunday morning series of messages on the Book of Hebrews at 11 a.m. Sunday, July 11. On Sunday evening at 7, Dr. and Mrs. Merton Alexander, recently returned missionaries from Burundi, Africa, will speak and show pictures of their work among the lepers of this East African nation.

Dr. Schaper states, "The worship services at Bethany Church are open to the entire community. A cordial and lasting welcome awaits the visitor."

Housing Needed For Tennis Championship

The Seventeenth National Junior Public Parks Tennis Championships will be held on the courts of Arcadia County Park from July 26 to Aug. 1. This event is sponsored by the Department of Recreation of the County of Los Angeles and attracts the top junior tennis talent from all over the United States.

Arcadia Park's Tennis Club has traditionally assisted in the preparations for this major tennis event by coordinating housing plans for these youngsters. Area residents who can provide housing for one or more tennis juniors from July 26 to Aug. 1 (or until players are eliminated) are urged to contact Mr. Al Land, 1136 Highland Oaks Drive, Arcadia, or call him at HI. 6-2960.

Transportation, meals and all recreation are provided by sponsoring organizations and therefore minimize the inconvenience to households providing sleeping quarters for the youngsters.

Up 53.8 Per Cent Over May

More Californians Waited But Still Paid Their Taxes

More Californians than ever waited until the last minute this year to pay their income taxes, State Controller Alan Cranston reported recently.

But, in the end, they paid them, he said gratefully. Cranston said this was indicated by the \$110,807,160 in personal income tax revenues received by the State's General Fund last month alone — up 53.8 per cent over May, 1964.

All told, for the first 11 months of the 1964-65 fiscal year, personal income tax revenue stood at \$404,643,260 — an increase of 4.7 per cent over the same period last fiscal year. Cranston said it appears that so many more Californians put off paying their state income taxes until the

April 15 deadline because last year's Federal tax cut entitled fewer to Federal refunds. And most people pay their State and Federal income taxes at the same time.

Meantime, the total General Fund revenues for the first 11 months of 1964-65 amounted to \$2,022,429,411 — an increase of 4.1 per cent compared with the same period a year ago.

Expenditures for the same period amounted to \$2,113,761,869 — an increase of 10.9 per cent.

The cash balance of the General Fund, as of May 30, was \$165,124,679.

Other major revenue sources during the first 11 months of the current fiscal year produced the following amounts:

Sales tax, \$916,667,111; bank and corporation franchise and income taxes, \$360,384,358; cigarette tax, \$362,102,926; University of California, \$161,383,765; old age security, \$176,807,173; aid to families with dependent children, \$101,688,365; and bond interest and redemption, \$76,038,481.

Begonia Society Meets July 9

San Gabriel Valley Begonia Society will meet Friday, July 9 at 8 p.m. at the Arboretum. Steve Talmadge of Fern Gardens, Chula Vista, will speak on ferns. He is a noted expert on growing these exotic plants and the public is invited to hear him.

The annual Begonia and shade plant show will be open to the public Saturday, July 17, 1 to 6, and Sunday, July 18, 9 to 6 at the Arboretum.

Big 4 Days Celebration At Temple City

What promises to be the biggest four day celebration in Temple City's history is shaping up rapidly as plans unfold for the 1st annual Community Fair sponsored by the Temple City Youth Center, Inc.

Jacob "Pop" Gunst has announced the event, which will be held at the athletic field of the Temple City High School from August 5 to 8, will feature Crafts 20 Big Shows Carnival and the DeWayne Bros. Circus.

The circus, which is noted for the quality of the acts presented, have scheduled nine complete performances during the fair. This will afford everyone an opportunity of seeing a real old time circus complete with wild animals, trained horses and ponies, wire acts, and all the attractions usually associated with a fine family-type organization.

As a co-feature, Crafts 20 Big Show will be on the midway for the four day run with their complete complement of side shows, attractions, and rides for the kids as well as adults.

Plans also call for a large 80' x 120' flame-proof tent which will house trade exhibitors, local as well as industrial.

The profits from this event, according to "Pop" Gunst will go toward the building fund for a Community Center which will include youth activities in Temple City, a much-needed facility for the area.

Remember the dates August 5-8, and admission to the grounds is free — both afternoons and evenings.

Letters to The Editor...

Dear Editor: Thank you for your recent communication regarding rapid transit financing.

Because of the strong objections raised by the people in Los Angeles County to having a one-half per cent in lieu tax placed upon them without a vote, I, as a member of the Assembly Transportation Committee, proposed amendments to Senate Bill 998 by Senator Rees. These amendments would prohibit the assessing of a one-half per cent in lieu tax without a vote of the people. The committee adopted these amendments and sent the bill out with a "do pass" recommendation. Taking into consideration the results of polls taken in Los Angeles County and the volume of mail I have received in opposition to this tax, I felt that these amendments were justified. The bill, however, did not pass through the Legislature before the closing date of June 18.

I still retain the position that rapid transit financing should be approved by the people, that we should not levy this tax without their approval.

Again, many thanks for writing. If my office can ever be of service, please do not hesitate to write or call. —JOE A. GONSALVES, Assemblyman, 66th District

California Real Estate Ass'n

New Political Action Wing Announced This Past Week

A new political action wing was added to the California Real Estate Association recently when the association's 1,042-member board of directors, meeting in Monterey, voted to create a Property Owners Division.

According to David N. Robinson of Berkeley, CREA president, the new division will be open to real property owners as "subscribers" for an annual \$3 fee.

"Home owners and other real property owners need a source of information to alert them to legislation pending, or being talked about, that will affect them directly," Robinson declared.

"Too often the property owner doesn't realize what impact a tax measure, for instance, or a housing bill, will have on him until the state legislature or the Congress is ready to vote on it — and many times not even then, not until the legislation is already in effect. Our Property Owners Division is intended to fill that need."

Information, according to Robinson, will be sent "subscribers" through bulletins and "sometimes through public meetings throughout the state if that seems the best way at the moment. We will recommend what action we think should be taken."

He said that CREA has 48,000 members in 175 local real estate boards and added that the new division would provide real property owners with "a direct connection with professional Realtor groups dedicated to the cause of promoting and protecting real property ownership."

Ask if CREA's leading role in supporting Proposition 13 led to the establishment of the new division, he replied that it was a factor, but not the only reason.

"Property owners," he commented, "did not generally understand the far-reaching effect of so-called 'fair housing' legislation on their freedom of choice in selling or renting their property. When they and all of the people of California did learn of its effect, they voted overwhelmingly to nullify such legislation."

"Perhaps if they had understood the issue earlier and let their legislators in Sacramento know their feelings, such laws would not have been passed in the first place. It certainly points

Blow Against Research

The discovery and development of drugs often involves close and intensive teamwork between different groups. As an example, the drug industry works with university scientists in the endless search for new and better means of dealing with illnesses of every kind, and out of this has come an impressive list of valuable remedies.

The public interest demands the continuance of co-operative research such as this. Yet it is gravely threatened by a proposal now pending in Congress.

Here is the story. Some of the research is carried on in facilities, such as university laboratories, which were built in whole or in part with federal funds. The proposed legislation would deny the scientists and the pharmaceutical industry the right to obtain patent rights on products which are tested for effectiveness in federal-aided laboratories.

The blow against cooperative research that this would strike is certainly obvious. The research involved requires great sums of money no matter who built the laboratories. That spending can be justified by industry if, and only if, it can be assured of the chance to earn a fair profit when a successful drug is found and developed. Only the patent system can provide this assurance. It is a notable fact that nations which lack a system of patent protection, such as Italy, have made no major drug discoveries.

The proposed legislation, which takes the form of an amendment to a health measure, should be abandoned. It endangers multibillion dollar research projects which may save millions of us from the ravages of illness.

Beyond All Reason

Public rebellion against further increases in gasoline taxes—which are always being advocated at the state and federal levels—has reached high pitch. And a few figures explain why.

These taxes cost motorists almost \$20 million a day—\$19.7 million to be precise.

During 1965, total gasoline tax collections will be approximately \$7.2 billion, or more than twice the amount collected as recently as 1955. And that isn't just due to the fact that there are many more cars on the road. Since that latter year, the average tax rate on each gallon of gas has increased about 36 per cent.

And here's another striking comparison: Collections for only two months of 1965 equal the amount paid in the entire year of 1945.

Few out-and-out luxuries bear a tax remotely comparable to that levied on gas, which is a basic, down-to-earth necessity in this nation-on-wheels of ours. Regular-grade gasoline sells for around 20 cents per gallon, plus more than 10 cents in state and federal taxes, along with local taxes in some areas. In other words, it carries a sales tax passing 50 per cent.

The tax has grown beyond all reason. Further increases would simply compound a gross injustice.

The Poverty Problem

The Chamber of Commerce of the United States organized a Task Force on Economic Growth and Opportunity, consisting of more than 100 leaders of industry, business and finance, to make an independent, constructive examination of the poverty problem. Its first report has been issued and others will follow. The group fully recognizes that poverty is a very real issue in this country. It finds that its alleviation is a prime social and national goal. But it questions, and with every reason, if large-scale programs such as road construction and urban renewal can effectively combat poverty. And it recommends that priority be given to human resource development programs that "provide people with the help and opportunities to move out of poverty and become productive citizens."

This goes to the core of the problem. There are, of course, a number of totally dependent poor who for one reason or another—age, illness, disability—cannot help themselves. They must be given relief, and that is certainly a function of society. But, as the report emphasizes, the poor who can be helped to help themselves can best be aided by such measures as education, training, rehabilitation and so on. In its words, simply to offer such people guaranteed incomes or similar welfare does "is to write off their lives."

And, let it be remembered, the sound long-run solution to the poverty problem is to build our economy, thus creating more jobs, more wealth, more opportunity.

NORWALK, CONN., HOUR: "More than 350 Americans have been killed in Viet Nam, and the total grows almost daily. . . . In the last three years, exports by America's allies to the Viet Cong aggressors have increased 25 per cent, and their purchases from North Viet Nam have nearly doubled. . . . What the United States needs more than sympathy is allies. Perhaps the welcome announcement by Australia that it is sending 800 troops to help U.S. combat forces will cause some soul-searching among those who speak one loyalty but practice another."

LONDON, OHIO, MADISON PRESS: "Obviously, each generation should pay its own way in life. It is grossly unfair for one generation to pass laws that impose staggering burdens on the next generation. In the case of war, in which a country is fighting for its life, one can understand the accumulation of debt. But for a country to go deeper and deeper into debt, when it is at a peak of prosperity, is a cruel and unfair act directed at the young."

It's chock full of little known facts and startling information, all very enlightening, such as . . . 'By the time school starts, the average child will have grown out of shoes he put aside at the beginning of vacation.' 'Feet perspire a great deal.' 'The time to replace shoes is when the child has outgrown them.' 'Buy stockings and socks so that they are longer than the foot but not so long that they wrinkle.' 'That's the kind of stuff it took some government research man a year's effort to ferret out, write down and have printed.'"

"Whether the builders of the Great Society realize it or not there are still a great many uncommon men—men who want to have something to say about their own destiny, their own personal Great Society, their own financial fortunes, their own provisions for their old age, their own provisions for food, shelter and clothing. 'The United States was not formed by or for common men, Washington, Jefferson, Lincoln, Jackson, and all the other great heroes out of our past were not common men. The patriots who fought the British, the rugged new country, the Indians, and the elements to establish the United States were not common men. They were uncommon men with an uncommon desire to

establish a home in a land of individual freedom."

"We have lost that desire for individual freedom. Now it is individual security at the expense of individual freedom. Today Americans have a passion to be kept from womb to tomb or at least it seems that way to the people we send to Washington."

"The forgotten man in our system of justice is now, for the first time in the history of our courts being remembered and helped by a new, detailed book, entitled, 'How To Fight Your Case in Small Claims Court (California).'

The book is written by two Los Angeles attorneys, Leon Perlswig and David Daar and is now available at your newsstand. To the knowledge of the publisher, Popular Law Publications, Inc., it is the first and only book giving hard, important, do-it-yourself details for handling small money problems and small claims cases.

The authors lead you by the hand. They start with you before the suit is even filed, they prepare you for the trial, show how to conduct the trial and even how to appeal and how to collect money or even keep from paying money awarded by the court.

What is especially unique about this book is that it is not one of those generalized text on law written for Mr. Man-in-the-street which has a lot of words and pages, but says nothing to the person reading it. It covers the law of California only and is intended for circulation limited to California only. And because of this the authors did not have to worry about making the book good for the laws of all 50 states, which would have turned this book into an old-fashioned, miss-mash. Their help is specific and to the point. And what is more, the authors use words you can understand. They don't get involved in high-falutin legal talk.

One of the things the book will tell you is how to actually make a witness for yourself, if you don't have one at the start. And this can be done legally—with-in the law. Other revelations in this book will be truly eye-opening and extremely helpful for the reader, whether or not he now has a legal problem involving money.

In closing this week I have just one little wee remark. . . . "Another reason you can't take it with you is that it goes before you do." And you should keep this in mind as you travel life's highways, I hope, I hope, I hope.

A two-story, "garden-type" apartment house will be the most recent building illustrating Sierra Madre's growth, when it is completed at the tentative address of 420 W. Sierra Madre Blvd., some time between Aug. 15 and Sept. 1. The new building layout, offering private patios, will consist of 16 apartments within the two-story frame.

Construction of two new tennis courts at City Park, as recently authorized by the City Council, is expected by Aug. 1, according to Peter Cowell, secretary-treasurer of the Sierra Madre Tennis Club. The newly organized club, which invites all tennis enthusiasts to join, has been one of Sierra Madre's fastest growing recreational groups in recent months and now consists of 30 members who have paid their dues.

Mr. and Mrs. Edward W. Rambeau of 312 E. Grand View will leave for a two-week vacation July 18 in the company of Mrs. Rambeau's sister, Georgia, and her husband, John, former Sierra Madreans who now live in Monrovia. They will spend the first week in Yosemite National Park and the second week at Catalina Island. They will be accompanied by their two children, Edward and Mary.

State Hospital Benefit Claims Still Accepted

There is a strong probability that a number of disabled residents of the Sierra Madre area who are rightfully entitled to state hospital benefits won't receive them unless they act immediately.

That was the fear expressed today by F. W. Shaw, district disability manager for the Department of Employment.

Manager Shaw's apprehension is based on the belief that some persons failed to claim hospital benefits between April 1 and June 25 after they learned of the suspension of hospital benefits because of the temporary insolvency of the disability fund.

With the signing by Governor Edmund G. Brown of AB 241 (Zemovich), the disability fund refinancing bill, on June 25, the San Bernardino district disability office resumed payments of hospital benefits and also began paying all suspended claims.

"So far, my office has paid \$331,536 in suspended hospital benefit. It is a certainty some persons who need this help and are entitled to it did not file claims in April, May and June because they reasoned they would get nothing," Mr. Shaw said.

The local executive of the Department of Employment said he had been authorized to accept late filings of hospital benefit claims throughout July. Claim forms may be obtained by writing to the District Office, Division of Disability and Hospital Benefits, the address of which is P.O. Box 781, San Bernardino or by telephoning TU 9-8341.

Hank Ives SEES IT

GONE FISHING . . .
By the time you read this week's column Old Hankus and his brood will be wandering through the wilds of Oregon on a long awaited fishing expedition. Oh don't worry, we plan to send along a travelogue the next couple of weeks just in case you might be planning a similar trip in the future. If not, my sympathy is with you.

THE ROGUE RIVER, Diamond Lake, The Cascades, McKenzie Bridge and of course the trip along the Columbia River are just a few of the stops in our meandering agenda.

NUMBER ONE SON Tim can hardly wait to set the hook in a battling Steelhead or to tie into a Chinook Salmon. You might say the same for old Dad.

WHEN WE RETURN toward the end of July Old Hankus fully expects the Dodgers to be skidding toward the bottom of the first division, the Phillies making a big run at the top, the Yankees making threatening noises in the American League (at least showing some muscle in about fifth place) and Bill Rigney's Angels barely keeping their collective noses above water.

THE ALBACORE should be jumping in the deep sea boats, swimming pools will be overloaded with the neighbor kids, local golf courses will be at their crowded best and Cassius Clay will still be spouting off.

THE RAMS WILL already have played a game. That's right the Ram Rookies will hold a full scale scrimmage with the Dallas fledglings even before the first veteran arrives in training camp.

SPEAKING OF THE RAMS, they have an excellent ambassador in Roman Gabriel. The big quarterback is on the payroll of the Southern California Gas Company (O.K. Paddy Padfield?) and is a fine speaker. He will tell you just about anything you want to know regarding Harland Svare's pro club.

BIG ROMAN can hardly wait to start waiting passes to newcomer Tommy MacDonald. Maybe the Cowboy management knew something we don't know, but the swap of Danny Villanueva for MacDonald sounds like something Jesse James would have pulled off at the point of a gun.

GABRIEL is a lad of supreme confidence. When asked who will handle most of the signal-calling duties this year, Gabriel or Munson the reply went something like this. "The Rams want the best man in there all the time, and that's me."

A PLAYOFF BETWEEN the rival professional leagues is inevitable. However the current squabble over expansion infringements may set it back several years. The AFL won't like the big boys moving into their Houston territory, and the NFL doesn't like the idea of Junior setting up camp in Philadelphia.

BALTIMORE, Minnesota and the Rams look like the kingpins of the Western Division according to Roman. The Rams should have the championship under their belt by 1968 and sites four key reasons for the optimism.

"Having just one owner should help. We now have a well rounded coaching staff and considerable more experience. And the real kicker is that each member of the winning team in the final playoff game will take home about \$10 thousand."

DID YOU KNOW DEPARTMENT . . . Did you know that new Blade hockey coach, Lynn Patrick, has a son Craig, 19, who is presently a member of Montreal's Junior amateur Canadiens and rated an excellent prospect? Lynn once played end for the Winnipeg Blue Bombers grid team and of course was a top player for the New York Ranger hockey team over a ten-year span.

THAT ex-local boy Dick Gorrie, now head football coach at Santa Ana College, picks up a few extra bucks each summer as an assistant golf pro?

THAT the Washington Senators haven't won a pennant since 1933? It may be a while yet.

THAT the Baltimore Colts are the only pro team that has not played to a tie since 1960?

O.K. so now we hang out the Gone Fishing sign.

Letters to The Editor . . .

Dear Editor:
Japan's new Tokaido Line operates the fastest, most modern electric passenger trains in the world. France and her European neighbors are a close second. These nations believe in using railroads for their intended purpose — transportation!
In these United States we seem to be more interested in traffic than in transportation. Our claim to distinction is the most barbaric, political railroad regulation and taxation scheme in the civilized world. Its thinly disguised purpose is to cannibalize our railroads for excessive tax loot to squander in subsidies for non-rail traffic.

Dog Training Program Now Extended July 14

The Santa Anita Dog Training Group will extend the starting date of its new dog obedience training class starting at Arcadia County Park to Wednesday evening, July 14, at 7 p.m. This extension of time is due to the fact that the group had to add this class to its schedule because there are so many dogs enrolling, and each class is limited as to the number of dogs.

Any dog five months on up may be enrolled. "These classes are not just for the problem dog," says Sue Wallace, head trainer for the group, "as any dog needs and deserves an education in order to become a better member of society."

For further information please call HI 6-6858 or EL 6-1096.

PEPTONE

by Deedee & Alice

The older generation seems to wonder whatever happened to the good old days when music was supposedly at its peak. The Scottish-Greens seem to have the answer to their question: "It's out." According to this group, beside talent you have to have a gimmick to catch on. Their gimmick is Scottish everything. Harry Sned, the manager of this group, says that someday they might even acclaim kilts as their everyday playing attire.

The Greens which started playing about six months ago is composed of four boys: lead guitarist, Eric Watts, rhythm guitarist, Kel Jelduding; bass guitarist, Rick Walsworth; and drummer, Chuck Hayward.

Coincidences are a part of this group, as all the boys are blonde, blue-eyed, 18-years old from Pasadena.

Look for these lads on July 10 at the Hollywood Paladium along with Sonney and Cher, Jan and Dean, and Jay and the Americans.

The Muellers Madcaps have changed their names once again. It was Madcaps, then Risers, then Eliminators, then McKays, and now it's the Quarrymen (which, incidentally, is a previous Beatle title). When will they ever stop?!!

Children should be seen and not hurt.

STARBRITE Low-Voltage Outdoor Lights by AMF . . . "Landscape with Light" . . . with this new concept in outdoor lighting. You can install this complete system in minutes without permits, digging or conduits. Childsafe; shockproof 12 volt Transformer makes this possible. Economical; costs only pennies a night to operate. Weatherproof; UL approved for outdoors anywhere. Easy installation; just plug into any house outlet. Lights clip on cable. Install anywhere at anytime.

System includes: combination Transformer with AMF/Paragon automatic timer, 100 feet of weatherproof no-shock cable (you can bury it), tee cross connector, 6 sealed-beam lights and color lenses (amber (2), green, pink, clear, blue). Ground stakes for positioning in ground around shrubs or on lawns. Brackets for fence, wall or tree mounting. Ideal set for the average home with a large yard.

Place the STARBRITE lamps wherever you like along the NO-SHOCK cable. Simple patented clamp makes it a snap to connect or disconnect. Only a screwdriver is needed to install the entire system. Cable can be safely left on the ground or buried without conduit.

The weatherproof STARBRITE Transformer changes ordinary 110 volt house current to a low "child-safe" 12 volts. (Absolutely shock-proof). You could even hold the bare wires without a tingle! Safe around children and pets. Completely UL approved, this entire system operates at less cost than just one old-fashioned floodlight.

Another exclusive feature of STARBRITE low-voltage outdoor lights is the AMF/Paragon timer that turns lights on and off automatically. How safe and welcome you can feel when you drive up at night and see your home illuminated in all its colorful and dramatic beauty.

STARBRITE Sealed-Beam Lights. Pre-focused. 6 inch diameter. Weatherproof; made of "Cycloc." Each light comes with a ground stake for positioning in the ground around shrubs or on lawns and with a mounting bracket for fence, wall or tree mounting.

ADD TO YOUR SETS AS THE NEED ARISES . . . You can add additional lights, more cable, the mushroom shaped path light and the automatic timer to all sets, regardless of which set you buy.

STARBRITE low-voltage outdoor lights are complete systems. Nothing else to buy! The large lamps come in rustproof housings, with unbreakable lenses to color the light. Also included are brackets to mount the lamps on fences and walls, and spikes to install the lights in garden soil if you prefer.

The Agreement

Bonelli Opposes Budget

Although Supervisor Frank G. Bonelli recently won approval of reductions in the 1965-66 County Budget in the amount of some \$13 million, there is no assurance that the county general tax rate for 1965-66 will not be increased.

"Reductions were not easily achieved, thereby necessitating prolonged continuous budget hearings. Many recommendations for budget reductions were offered that would have been more acceptable to me, yet votes were not available," Bonelli said.

"Nonetheless, in my judgment, sufficient further cuts have been made — such as: exploitation, exposition, and new employees — in a sufficient amount, and if predicated on a 3 per cent assessment roll increase instead of 6 per cent as per Chief Administrative Officer, we would not be confronted with a 2½-cent property tax increase."

"Pledged as I was not to support a County Budget reflecting even a fraction of a cent property tax increase, I had no alternative but to vote against the 1965-66 county budget adoption."

b) to complete such work within a period of approximately 30 days from date hereof, unless delayed by acts beyond the control of Subdivider;

c) with respect to the interceptor required by Lots 21, etc., commencing on page 23, et seq., of said "Report," to obtain a bona fide bid for said interceptor (exclusive of remedial slope work) and to install said interceptor per City Ordinance, either at said bid cost (or by his own forces, whichever is less expensive), keeping accurate records of the cost thereof, so that upon completion of all work set forth in said "Report," and herein, the City may reimburse Subdivider ½ the costs of such interceptor;

d) to reimburse the City ½ the costs of the arbitration to date.

Note: Without prejudice to reserved rights as set forth in the Arbitration Agreement, it is agreed that the planting and sprinklers of the slopes will be installed as per the second Supplemental Agreement.)

3. Both parties agree that the foregoing is intended as a full and final settlement of all matters contained within said "Report," and that when all of the planting, sprinklers, grading and drainage facilities have been completed in the requisite manner, the Subdivider on the one hand and the City, its officers and employees, on the other, will be mutually and reciprocally discharged from any obligation or claim with respect to each other for such matters. (This settlement shall not, however, affect obligations or agreements re Tract 27459 other than as specifically contained within said "Report," and herein.)

IN WITNESS WHEREOF, we have set our hands this 30th day of June, 1965.

Retired Persons Ass'n Re-Activated With Officers

The reactivation of the Santa Monica Chapter of the American Association of Retired Persons was announced recently by Mrs. Charlotte M. Lane, 2225 Colorado Ave., Santa Monica, president of the chapter.

Officers, in addition to Mrs. Lane, are Mrs. Florence G. Taylor, 2126 Federal Ave., W. Los Angeles, vice president; Mrs. Erma Schlatter, 434 12th St., Santa Monica, treasurer; Miss Gladys Bar-dolph, 8528 11th St., Santa Monica, corresponding secretary; Miss Elsa Sprung, 11816 Goshen Ave., Santa Monica, recording secretary.

The American Association of Retired Persons is a non-profit, nonpartisan organization of persons age 55 or older — whether retired or not. It is the cooperative enterprise of more than 800,000 mature persons gaining for themselves and their fellow retirees dignity, security, and pride.

Dr. Ethel Percy Andrus, national president of the organization, states, "AARP is the answer for older persons who believe that the way to keep young, maintain independence, and dignity, as they grow older, is through

activity, usefulness, and service to others."

Many services that stretch retirement incomes are offered to members: a low-cost drugs by mail service; low-cost group tours of Europe; budget-priced group insurance; and a special hearing aid service. All members receive the "Modern Maturity" magazine and the News Bulletin, both bimonthly.

Roberta Goldberg Girls State Youth Authority

The 22nd session of Girls State, sponsored by the American Legion Auxiliary and held at the University of California at Davis, was attended by 560 girls from high schools throughout the entire state. They were instructed in the duties, responsibilities and rights in government. It is a youth in government program which is continued from city, county through the primaries and general elections.

Local Students To Begin College

Among the 241 new students enrolled at Claremont Men's College in the fall term in September, 1965, is Douglas B. Hope, son of Mrs. Margaret Hope, 262 E. Highland, Sierra Madre, and Mr. Edwin C. Hope, Santa Barbara.

Claremont Men's College is one of the six Claremont Colleges, which also includes Claremont Graduate School and University Center, Harvey Mudd College, Pitzer College, Pomona College and Scripps College.

When Pitzer College opens its doors for its second academic year in September, there will be 231 new students with seven foreign countries and 22 states represented in the entering

class. Enrolled in the college of the social and behavioral sciences from Sierra Madre is Patricia D. Phillips, daughter of Mr. and Mrs. Draper W. Phillips of 528 San Gabriel Ave.

Among the 138 enrolling students in the fall term at Scripps College will be Bettina DeLand Best, daughter of Mr. John E. Best of 483 N. Cañon Dr., Sierra Madre, and Mrs. Marsha Best of San Gabriel. Also Suzanne Virginia Roudenbush, daughter of Mr. and Mrs. William E. Roudenbush of 360 Toyon Rd., Sierra Madre.

An APOTHECARY Weighs & Measures

What is SUCCESS

Our nation is called a "success-oriented society" and really no finer compliment could be paid it. The same could be said of our profession or even our person, provided, the elements of success are more significant than mere physical possessions and more substantial than an inflation-threatened bank account. Maybe you will remember that Aristotle said, that "all men seek one goal — success or happiness, and the only way is in service to society. First—have a definite goal. Second—the necessary wisdom, money, materials and methods. Third—adjust all your means to that end."

Success in Pharmacy is most often measured in terms of human values, because it is our privilege and duty to be of service to others, and in this area we have an unlimited opportunity. Someone who seems to have understood the matter reduced the idea to a four-word recipe: "Make yourself more useful" and this is our motto too, so stop in when you are downtown, we will be glad to talk to you. And — after hour service is available too.
